

BRIDGING THE DIGITAL DIVIDE AT DALMIA VIDYA MANDIR SCHOOLS

CHIRAWA | RAJGANGPUR | DALMIAPURAM | KALYANPUR

Dear Parents of School-aged Children,

As all are aware of the current situation with regard to spread of Coronavirus worldwide, it is important for us at Dalmia Vidya Mandir schools across India to take all necessary precautions for the well-being and good health of all students. Hence, as per the Govt. instructions, the academic activities in the schools are closed. However, to avoid academic loss of the students, the management, principals and teachers are taking some measures during this period with the help of advanced technology. The students will be kept engaged through online activities conducted by respective faculty members. These online activities include teaching-learning using different modes, assignments, tutorials, quizzes, sharing of learning material, project based tasks etc. Further the faculty members have also created virtual classrooms and are also using DVM online platform for the same. They are also ready for any further guidance to the students through online mode.

It is a kind request to the parents to make sure that their ward has received and valued all the respective courses through online learning platforms and is in continuous online contact with the respective teachers. Your cooperation in this regard will be highly appreciated. Please be assured that the schools will continue to take all measures from time to time in the best interest of the students. This is for your kind information and necessary action at your end.

BRIDGING THE DIGITAL DIVIDE.

Plan for continuity of learning In the case of temporary school closures, support continued access to quality education HAS BEEN PUT IN PLACE.

This will include:

- 📌 Use of online/e-learning strategies
- 📌 Assigning reading and exercises for home study
- 📌 Radio, podcast or television broadcasts of academic content
- 📌 Assigning teachers to conduct remote daily or weekly follow up with students.
- 📌 Review/develop accelerated education strategies
- 📌 Implement targeted health education Integrate disease prevention and control in daily activities and lessons.

We Ensure content is age-, gender-, ethnicity-, and disability-responsive and activities are built into existing subjects.

Till such time we are on the closedown we will ensure that the curriculum as well as the learning is made available through the staff and the online as well as whatsapp groups for the well-being and mental health of our students.

We, request all parents to support this initiative and continue with the statutory remittance of dues as well as take note of the exam results declared online, this will go a long way in facilitating our staff welfare and upkeep of the school mandates during the shutdown.

In case of any query you are requested to contact the school principal on mail: principal.rajgangpur@dalmiavidyamandir.education.
